The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the City of Kirby for Critical Asbestos Fresh Water Line Replacement in Fiscal Year 2027. The entity to receive funding for this project is located at 112 Bauman St, Kirby, TX 78219. The funding would be used to replace the failing asbestos drinking water pipes in the city with larger, safer, and more efficient water pipes. The project is an appropriate use of taxpayer funds because it will reduce long-term repair costs, protect residents from contaminated water, minimizes water loss, and lowers the risk of emergency service interruptions.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Congressman Greg Casar
