The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Expanded Dental Care Access for Uninsured and Underinsured Central Texans in Fiscal Year 2027. The entity to receive funding for this project is the People's Community Clinic Inc., located at 1101 Camino La Costa, Austin, TX 78752. The funding would be used to expand its capacity to provide integrated, patient centered care through the addition of up to five new dental operatories in their onsite dental clinic. The project is an appropriate use of taxpayer funds because it will allow People's to service more patients with timely preventive and restorative dental care, reduce wait times, and improve oral health outcomes, and support interdisciplinary collaboration between dental and medical providers.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Congressman Greg Casar
Texas Congressional District 35
